Dear Ms. Craig:

I am writing you to provide the following material about Information Access Company (IAC). IAC is very interested in including your publication of Whole Earth Review in our online database, microfilm collection and/or CD-ROM collection. By joining IAC's collections, your publications will gain a wider variety of consumer exposure as well as liberal royalty payments. IAC will also assume all the production, marketing, and promotion costs.

IAC is the world's leading supplier of periodical indexes and also has the first periodical index on CD-ROM.

Please take the time to review the non-exclusive license agreement, initial boxes "i" through "v" to participate in IAC's products, then sign and return both originals to my office. If you have any questions or comments, please contact me at (415) 378-5200.

Sincerely,

Reginald Riley
